MONEY

Unclaimed for 160 Years, recently recovered, with Dividends thereon for that period.

From the *Times*, 22nd November, 1883.

(*Sittings at Nisi Prius, before Mr. Baron Pollock, without a Jury.*)

BARZILAY V. THE ROYAL EXCHANGE CORPORATION.

This was a case transferred to this side from the Chancery Division, the issue being one of fact.

Mr. A. Collins, Q.C., and Mr. Hull (of the Equity Bar) appeared for the plaintiff; Mr. Willis, Q.C., and Mr. Ford (of the Equity Bar) were counsel for the defendants.

This was a curious claim by the plaintiff, Daniel Isaac Barzilay, as the personal representative of one Isaac Cohen Peixote, deceased in 1725, to £100 (\$500.) stock in the defendant company, which is now, by the accumulation of dividends, bonuses, &c., believed to be worth between £3,000 (\$15,000.) and £4,000 (\$20,000.). The plaintiff set out the will of I. C. Peixote, dated September 3, 1725, some three weeks before the testator, who was a Spanish or Portuguese Jew, died. Peixote was buried in the Jewish Cemetery, Mile-End-road, and his will proved in the Prerogative Court of Canterbury. After his death his children removed to Amsterdam. The defendant corporation was incorporated in 1720, and in 1838 they suffered severe loss by fire on their premises, whereby many of their books, papers, &c., were destroyed. It would seem that since Michaelmas, 1725, no claim had been made on the defendants, and reference was made during the case to the somewhat similar case of "*Byrne v. the Royal Exchange Assurance Company.*" The defendants had kept the money as faithful custodians and trustees, and only desired that the plaintiff should prove his title to the stock. The plaintiff traced his descent from I. C. Peixote's son Joshua thus:—Joshua's daughter Sara married Samuel Acatban; their daughter Benevenida married Isaac Barzilay, the plaintiff's grandfather.

Mr. WILLIS, for the defendants, urged that there was not sufficient evidence to connect the Isaac Cohen Peixote who held the stock in 1725 with the testator whose will the plaintiff produced.

The learned BARON, however, took a contrary view, and held that the plaintiff had made out a good and sufficient title, and was entitled to judgment.

Mr. FORD pressed that costs between solicitor and client should be paid out of the fund, as the defendants had acted merely as stakeholders and trustees, and had not made any claim to it or pleaded the Statute of Limitations. The plaintiff should also undertake to pay the succession duty, as letters of administration had been granted to the plaintiff on behalf of his mother on March 9, 1882, to the unadministered estate of Joshua Peixote, who died intestate on October 23, 1789; and again on June 30, 1882, to the unadministered estate of Isaac Cohen Peixote.

His LORDSHIP made an order accordingly.

From the *Times*, 11th December, 1883.

LING V. THE ROYAL EXCHANGE ASSURANCE CORPORATION.

This was an action brought by the administrator *de bonis non* of the estate of the late John Mitford, who claimed that he was entitled to £200 (\$1,000.) stock, now valued at £6,600, (\$33,000.) in the defendant company. John Mitford, from whom the plaintiff claimed, was the son of Robert Mitford, and was born at Bourne, in the county of York, in 1695. In 1703 he came to London, and was apprenticed to Sir George Mertins, a clock-maker, of Cornhill. In 1714 he married the daughter of Sir George Mertins. On the 10th of September, 1720, he became bankrupt. In 1722 he became a broker. In 1727 he removed to Threadneedle-street. In 1744 he died. In 1720 a John Mitford became entitled to £200, (\$1,000.) stock in the defendant company, he having been previously possessed of an equivalent amount in the Royal mines, Minerals, and Batteries Company, which on the 17th of September was transferred to the defendant company. The name of John Mitford, of Threadneedle-street, was traced for years in the land tax-books, and it appeared in the "*London Directory*" of 1736 and 1738. Those directories were duodecimo volumes of 95 pages. There was another John Mitford, but the John Mitford who formerly owned this stock used to reside in Threadneedle-street, and it was not possible to trace the other John Mitford to that place. For the defendants it was contended that the stock would have passed to John Mitford's assignee in bankruptcy, but

His LORDSHIP was of opinion that, from the evidence, it appeared probable that in 1720 the stock was onerous property, and that the assignee would, therefore, not make any claim to it. His LORDSHIP thought the plaintiff had established his right to the stock, and gave judgment declaring his title. He thought, however, that the defendants had

acted reasonably in requiring the plaintiff to prove his case. It was by consent ordered that the defendants' costs, as between solicitor and client, should come out of the fund.

Mr. Bowen Rowlands, Q.C., and Mr. Grosvenor Woods appeared for the plaintiff; Mr. Willis, Q.C., and Mr. E. S. Ford for the defendants.

From the Times, 29th April, 1884.
(Before Mr. Justice DENMAN.)

CRAWFURD V. THE ROYAL EXCHANGE ASSURANCE CORPORATION.

This was an action by the personal representative of one George Middleton, the founder of Coutts's Bank, who died as long ago as the year 1719, to establish his right to £100 (\$500.) stock in the Royal Exchange Assurance Corporation, and a large accumulation of dividends and bonuses, amounting to some £3,000 (\$15,000.). The plaintiff is a lineal descendant of George Middleton, the founder of Coutts's. He has recently obtained letters of administration *de bonis non* of his ancestor. The object of the action was to establish, in a court of law, the identity of the plaintiff's ancestor with one George Middleton who was a subscriber to the capital of the defendant corporation. By the great fire which took place in 1836, a large part of the Corporation's books was destroyed, but they have in their possession certain documents bearing more or less on the subject. Among these is a charred book with a title-page "Mines Royal Reduced Stock, Royal Exchange Assurance and Saddlers' Hall Stock Subscribers," and among the list the name "G. Middleton." They also possess a printed list, published in 1791, of the names and descriptions of the proprietors of unclaimed dividends on their stock, in which appears the name "Geo. Middleton, London, G.S.," the last dividend received being 1722, which it may be observed was shortly after the bursting of the South Sea bubble, a period from which a large number of unclaimed dividends began to accumulate. Evidence was put in by the plaintiff in the shape of old documents, particularly a lease of the banking premises in the Strand, from Lord Salisbury, in which the plaintiff's ancestor was described as goldsmith, and other evidence was given which established in the opinion of the Judge that "G.S." was formerly used to denote the description of goldsmith.

HIS LORDSHIP then intimated that he considered the defendants, on such evidence, were perfectly safe in allowing the claim, and judgment was given accordingly for the plaintiff, the defendants being allowed their costs as between solicitor and client.

Mr. Barber, Q.C., and Mr. Blakesley, appeared for the plaintiff; Mr. W. Willis, Q.C. and Mr. E. S. Ford for the defendants.

From Public Opinion, 29th September, 1883.
LEGAL.

CHANCERY PAY OFFICE.—The return of the receipts and expenditure of the Paymaster-General, on behalf of the Chancery Division, which, up to the autumn of 1881, used to be an annual return, covering a period of twelve months, was not published last year at the usual time. It was not until December, 1882, that the return of that year was ordered to be printed, and late in last session the return of the present year was published. These two returns, covering each a period of nine months only, or eighteen months in all, up to the last day of February, 1882, are now before us. In future, the returns are to be annual, and will comprise a period extending from March 1 in each year to the last day of February in the next year. Suits' balances in the hands of the Paymaster continue to increase. In the year ending August 31, 1880, the cash and securities added together amounted to £75,108,838 (\$375,544,190.), besides securities to a large amount expressed in foreign currencies: in the nine months ending June 1, 1881, the cash and securities had increased to £75,817,761 (\$379,088,805.), and the foreign currency securities to a small extent; and in the nine months ending February 28, 1882, the cash and securities amounted to £77,269,101 (\$386,345,505.), besides the securities expressed in foreign currencies. The securities held for suitors by the Paymaster have in the last ten years largely increased in number, and the list of these securities, which gives the description of each, and which ten years ago occupied three short columns of the return, now takes up ten columns, and comprises 459 different descriptions of securities. Although the cash on the books amounts to nearly five millions, the Paymaster finds that a cash balance of less than three-quarters of a million is sufficient to meet his current payments, the balance being placed in the hands of the National Debt Commissioners. The funds in Court, as shown by the books, stand to 35,861 accounts. The report of the Controller and Auditor-General appended to the two returns under notice shows that the Audit Office staff is utterly inadequate to perform the work of thoroughly examining the vast transactions with the funds of suitors, and that, pending the time when the new rules for the Chancery Pay Office shall be brought into operation, these accounts have been only partially examined.—*Solicitors' Journal*.

The Fee to search for a Will is Ten Dollars if the date of Testator's death can be given within two years. GUN'S INDEX.

MANY thousands of Advertisements giving the names of deceased persons whose Next of Kin, Heirs-at-Law, and Legatees have been inquired for, also of persons wanted to hear of something to their advantage, have appeared in newspapers published in England, Scotland, Ireland, United States of America, Canada, Australasia, and all parts of the world. These advertisements frequently fail to come under the notice of those for whose benefit they are inserted. During upwards of thirty years the compiler of GUN'S INDEX has been engaged in bringing together all the names contained in said Advertisements, at a very considerable outlay, and now offers them to his clients and others at a price which will barely cover the production of the INDEX. Examples or specimens of both *Full Copies* and *Outlines* are given, and the same are supplied for a small fee. Subscribers to this work will receive, free of charge, Gun's Lists of "Special Cases," which are prepared with information obtained from private sources, represent unclaimed Estates of the value of many millions of Pounds Sterling, and are issued at frequent intervals. They will further be entitled, in advance of publication, to have search made for any name in the complete collection.

RECOVERY OF UNCLAIMED MONEYS.

Cases similar to the following will be given from time to time where permission to do so is granted by the parties interested.

A Sum of Money, in the name of HAWKINS, with several years' accumulated interest, was recovered in 1873 by a family residing in Clinton Co., Iowa, through Gun's Agency. Messrs. COTTON & CROSS, Attorneys-at-Law, of Lyons, Iowa, who acted in America on behalf of said family, have kindly permitted themselves to be referred to.

I have obtained a sum of money for a family named ATKINSON, of Warsaw, Illinois, to whom I can refer; as also to Mr. George J. Rogers, Office of Clerk of the County Court, Hancock Co., Carthage, Ills., who has been attending to the business there for said family.

The Rev. Reuben Jeffery, D.D., late President of the Tabernacle Lay College, and Pastor of Marcy Avenue Baptist Church, Brooklyn, N.Y., obtained information as to a Legacy to which he was entitled, solely through "GUN'S INDEX."

Mr. Isaac H. Price, 172 La Salle Street, Chicago, Ills., who recently recovered a sum of money in Ireland, in a letter to me, dated 6th Feb. 1874, writes, "I most willingly place the credit to your invaluable 'INDEX.'"

Mr. Jesse J. Playford, of Burlingame, Kansas, has recovered, through this Agency, his share of a Legacy, and has given me permission to mention the fact.

During the year 1878, a very considerable sum of money was recovered by me, in Scotland, for a Scott family, formerly of Toronto, Canada. Two members of this family, Miss Eliza Scott and Mr. John Scott, are now residing in Ishpeming, Marquette Co., Mich., U.S.A. A brother, Mr. William Scott, residing at Armadale, by Bathgate, Scotland, also participated in this fund.

W. A. Gett, jun., Esq., Attorney-at-Law, Sacramento, Cal., U.S.A., has written to acknowledge receipt, through Gun's Agency, on behalf of his client, Mr. Archibald Logan, Sacramento, of a sum of money received by Mr. Logan from an estate in Scotland.

Mrs. Elizabeth Condon, of Indianapolis, has had a long-standing claim settled through this Agency, and received the money through E. A. Parker, Esq., Attorney-at-Law, 35½ E. Washington Street, Indianapolis, Ind., U.S.A.

N.B.—Letters of acknowledgment, in *fac-simile*, received from the above-named parties, can be had on application to

ROBERT GUN,

6 PRINCE OF WALES ROAD, LONDON (N.W.), ENGLAND.

N.B.—To ensure attention, each Letter of Inquiry **MUST** contain a Fee of One Dollar or Four Shillings.

BARZILAY V. THE ROYAL EXCHANGE CORPORATION.

This was a case transferred to this side from the Chancery Division, the issue being one of fact.

Mr. A. Collins, Q.C., and Mr. Hall (of the Equity Bar) appeared for the plaintiff; Mr. Willis, Q.C., and Mr. Ford (of the Equity Bar) were counsel for the defendants.

This was a curious claim by the plaintiff, Daniel Isaac Barzilay, as the personal representative of one Isaac Cohen Peixote, deceased in 1725, to £100 (\$500) stock in the defendant company, which is now, by the accumulation of dividends, bonuses, &c., believed to be worth between £3,000 (\$15,000.) and £1,000 (\$20,000.). The plaintiff set out the will of L. C. Peixote, dated September 3, 1725, some three weeks before the testator, who was a Spanish or Portuguese Jew, died. Peixote was buried in the Jewish Cemetery, Mile-End-road, and his will proved in the Prerogative Court of Canterbury. After his death his children removed to Amsterdam. The defendant corporation was incorporated in 1720, and in 1838 they suffered severe loss by fire on their premises, whereby many of their books, papers, &c., were destroyed. It would seem that since Michaelmas, 1725, no claim had been made on the defendants, and reference was made during the case to the somewhat similar case of "Byrne v. the Royal Exchange Assurance Company." The defendants had kept the money as faithful custodians and trustees, and only desired that the plaintiff should prove his title to the stock. The plaintiff traced his descent from I. C. Peixote's son Joshua thus:—Joshua's daughter Sara married Samuel Acathan; their daughter Benevenida married Isaac Barzilay, the plaintiff's grandfather.

Mr. WILLIS, for the defendants, urged that there was not sufficient evidence to connect the Isaac Cohen Peixote who held the stock in 1725 with the testator whose will the plaintiff produced.

The learned BARON, however, took a contrary view, and held that the plaintiff had made out a good and sufficient title, and was entitled to judgment.

Mr. FORD pressed that costs between solicitor and client should be paid out of the fund, as the defendants had acted merely as stakeholders and trustees, and had not made any claim to it or pleaded the Statute of Limitations. The plaintiff should also undertake to pay the succession duty, as letters of administration had been granted to the plaintiff on behalf of his mother on March 9, 1882, to the unadministered estate of Joshua Peixote, who died intestate on October 23, 1789; and again on June 30, 1882, to the unadministered estate of Isaac Cohen Peixote.

His LORDSHIP made an order accordingly.

From the *Times*, 11th December 1883.

LING V. THE ROYAL EXCHANGE ASSURANCE CORPORATION.

This was an action brought by the administrator *de bonis non* of the estate of the late John Mitford, who claimed that he was entitled to £200 (\$1,000) stock, now valued at £6,600, (\$33,000.) in the defendant company. John Mitford, from whom the plaintiff claimed, was the son of Robert Mitford, and was born at Bouene, in the county of York, in 1695. In 1708 he came to London, and was apprenticed to Sir George Mertins, a clock-maker, of Cornhill. In 1714 he married the daughter of Sir George Mertins. On the 10th of September, 1720, he became bankrupt. In 1722 he became a broker. In 1727 he removed to Threadneedle-street. In 1741 he died. In 1720 a John Mitford became entitled to £200, (\$1,000) stock in the defendant company, he having been previously possessed of an equivalent amount in the Royal mines, Minerals, and Batteries Company, which on the 17th of September was transferred to the defendant company. The name of John Mitford, of Threadneedle-street, was traced for years in the land tax books, and it appeared in the "London Directory" of 1736 and 1738. Those directories were duodecimo volumes of 95 pages. There was another John Mitford, but the John Mitford who formerly owned this stock used to reside in Threadneedle-street, and it was not possible to trace the other John Mitford to that place. For the defendants it was contended that the stock would have passed to John Mitford's assignee in bankruptcy, but

His LORDSHIP was of opinion that, from the evidence, it appeared probable that in 1720 the stock was onerous property, and that the assignee would, therefore, not make any claim to it. His LORDSHIP thought the plaintiff had established his right to the stock, and gave judgment declaring his title. He thought, however, that the defendants had

acted reasonably in requiring the plaintiff to prove his case. It was by consent ordered that the defendants' costs, as between solicitor and client, should come out of the fund.
 Mr. Bowen Rowlands, Q.C., and Mr. Grosvenor Woods appeared for the plaintiff;
 Mr. Willis, Q.C., and Mr. E. S. Ford for the defendants.

From the Times, 29th April 1884.

(Before Mr. Justice DENMAN.)

CRAWFURD V. THE ROYAL EXCHANGE ASSURANCE CORPORATION.

This was an action by the personal representative of one George Middleton, the founder of Coutts's Bank, who died as long ago as the year 1749, to establish his right to £100 (\$500.) stock in the Royal Exchange Assurance Corporation, and a large accumulation of dividends and bonuses, amounting to some £3,000 (\$15,000.). The plaintiff is a lineal descendant of George Middleton, the founder of Coutts's. He has recently obtained letters of administration *de bonis non* of his ancestor. The object of the action was to establish, in a court of law, the identity of the plaintiff's ancestor with one George Middleton who was a subscriber to the capital of the defendant corporation. By the great fire which took place in 1836, a large part of the Corporation's books was destroyed, but they have in their possession certain documents bearing more or less on the subject. Among these is a charred book with a title-page "Mines Royal Reduced Stock, Royal Exchange Assurance and Saddlers' Hall Stock Subscribers," and among the list the name "G. Middleton." They also possess a printed list, published in 1791, of the names and descriptions of the proprietors of unclaimed dividends on their stock, in which appears the name "Geo. Middleton, London, G.S.," the last dividend received being 1722, which it may be observed was shortly after the bursting of the South Sea bubble, a period from which a large number of unclaimed dividends began to accumulate. Evidence was put in by the plaintiff in the shape of old documents, particularly a lease of the banking premises in the Strand, from Lord Salisbury, in which the plaintiff's ancestor was described as goldsmith, and other evidence was given which established in the opinion of the Judge that "G.S." was formerly used to denote the description of goldsmith.

His Lordship then intimated that he considered the defendants, on such evidence, were perfectly safe in allowing the claim, and judgment was given accordingly for the plaintiff, the defendants being allowed their costs as between solicitor and client.
 Mr. Barber, Q.C., and Mr. Blakesley, appeared for the plaintiff; Mr. W. Willis, Q.C., and Mr. E. S. Ford for the defendants.

From Public Opinion, 29th September 1883.

LEGAL.

CHANCERY PAY OFFICE.—The return of the receipts and expenditure of the Paymaster-General, on behalf of the Chancery Division, which, up to the autumn of 1881, used to be an annual return, covering a period of twelve months, was not published last year at the usual time. It was not until December, 1882, that the return of that year was ordered to be printed, and late in last session the return of the present year was published. These two returns, covering each a period of nine months only, or eighteen months in all, up to the last day of February, 1882, are now before us. In future, the returns are to be annual, and will comprise a period extending from March 1 in each year to the last day of February in the next year. Suitors' balances in the hands of the Paymaster continue to increase. In the year ending August 31, 1880, the cash and securities added together amounted to £75,108,838 (\$375,544,190.), besides securities to a large amount expressed in foreign currencies: in the nine months ending June 1, 1881, the cash and securities had increased to £75,817,761 (\$379,088,805.), and the foreign currency securities to a small extent; and in the nine months ending February 28, 1882, the cash and securities amounted to £77,269,101 (\$386,345,505.), besides the securities expressed in foreign currencies. The securities held for suitors by the Paymaster have in the last ten years largely increased in number, and the list of these securities, which gives the description of each, and which ten years ago occupied three short columns of the return, now takes up ten columns, and comprises 459 different descriptions of securities. Although the cash on the books amounts to nearly five millions, the Paymaster finds that a cash balance of less than three-quarters of a million is sufficient to meet his current payments, the balance being placed in the hands of the National Debt Commissioners. The funds in Court, as shown by the books, stand to 35,861 accounts. The report of the Controller and Auditor-General appended to the two returns under notice shows that the Audit Office staff is utterly inadequate to perform the work of thoroughly examining the vast transactions with the funds of suitors, and that, pending the time when the new rules for the Chancery Pay Office shall be brought into operation, these accounts have been only partially examined.—*Solicitors' Journal*.

How a Sum of One Hundred Thousand Dollars, being one of the Legacies given by a Codicil to the Will of the late JAMES WOOD was disposed of

COURT OF EXCHEQUER, DECEMBER 13TH.

(Sittings at Nisi Prius, at Guildhall, before the LORD CHIEF BARON and a Common Jury.)

WOOD V. DIXON AND UXOR.

Mr. Wilde, Q.C., and Mr. Charles Pollock were counsel for the plaintiff; Mr. Knowles and Mr. Pridau appeared for the defendants.

This was an action to recover the sum of £39 16s. 2d. for legacy duty paid by the plaintiff to his deceased brother. The plaintiff's father was a distant relative of the late Mr. James Wood, the celebrated banker of Gloucester, who, by a codicil to his will left him a sum of £20,000. The validity of the codicil was contested, and years of litigation ensued. At length a Judicial Committee of the Privy Council decided that the claim was established; but, before the decision was given, the plaintiff's father died, leaving his widow sole executrix. The original probate of £300 had to be increased to a sum under £25,000. The widow lodged £20,734 14s. 8d. in the Bank of England, as executrix. The £20,000 was left under the will of the plaintiff's father one-half to his widow, and the remainder in moieties to his two sons, the plaintiff and Thomas Wood, and to the account of the latter in the Joint Stock Bank the widow paid the sum of £5,683 13s. as his share of the £20,000, inclusive of a gratuity of £500 for his perseverance in fighting the battle of the codicil to a successful issue. No legacy duty had ever been paid upon the sum. In 1845 the plaintiff's brother Thomas died, and some time afterwards his widow became the wife of the defendant. In 1854 the plaintiff's mother died, leaving him all her estate and so executor. In 1855 the Solicitor of the Stamps and Taxes wrote for payment of the legacy duties of the plaintiff's as well as his late brother's share of the £20,000 bequeathed to them under their father's will. The plaintiff accordingly paid £79 12s. 4d., and now contended that as one-fourth of the estate had been paid over to his brother, during his lifetime, without having the duty deducted from it, he was entitled to recover from his estate the proportion of the legacy duty amounting to the sum now sought to be recovered.

The Jury found a verdict for the plaintiff for the amount claimed.
